

AG Mortgage Investment Trust, Inc. Announces Tax Treatment of 2013 Dividend Distributions

January 24, 2014

NEW YORK--(BUSINESS WIRE)--Jan. 24, 2014-- AG Mortgage Investment Trust, Inc. (NYSE:MITT) (the "Company"), a real estate investment trust (REIT), announced today the tax treatment of common and preferred stock dividends declared in 2013. This information is provided to assist stockholders with tax reporting requirements related to dividend distributions of taxable income by the Company.

Stockholders should review the 2013 tax statements received from their brokerage firms or other institutions to ensure that the statements agree with the information provided below. Also, as each stockholder's tax situation may be different, stockholders are encouraged to consult with their own professional tax advisor with respect to their specific tax treatment of the Company's dividend distributions.

During 2013, the Company did not generate qualified dividends income. Additionally, because the Company is a REIT, dividends declared in the last month of a calendar year with a record date in that calendar year, but which are payable in January of the following year, are considered paid for Form 1099 reporting purposes on the record date, not on the payable date, to the extent the REIT has any remaining undistributed earnings and profits (as computed for income tax purposes) as of December 31 of that calendar year.
